

With Thor only a couple of weeks away (in most countries anyway) and Captain America: The First Avenger set to hit theaters in July, it looks like Marvel aren't slowing down when it comes to using the comic books to raise fan awareness. As well as new #1 issues for both characters, a 48-page comic book will see the big screen versions of Captain America and Thor tell of even more of their adventures! CAP AND THOR! AVENGERS Written by FRED VAN LENTE Art & Cover by RON LIM This summer, Marvel Studios is bringing to life two of the AVENGERS in THOR and CAPTAIN AMERICA: THE FIRST AVENGER. But their adventures don't end on the silver screen. Pick up this 48-page book for two whole new stories starring Thor, Cap, and all your favorite characters from the films! Citadel of Spires: When Fandral—one of the Warriors Three—is taken captive, it's up to Thor, Sif
