

The Electronic Entertainment Expo 2011, known as E3 2011, is near ending with tomorrow being it's last day for developers to show off their upcoming games. With one of those games being Captain America: Super Soldier, a tie-in with the Captain America: The First Avenger film, Sega has displayed the actual suit from the film, as well his mighty shield in their booth. With Captain America: Super Soldier hitting shelves July 19, be sure to check out it's awesome Prologue Trailer Here, if you haven't already done so! Captain America: The First Avenger focuses on the early days of the Marvel Universe when Steve Rogers volunteers to participate in an experimental program that turns him into the Super Soldier known as Captain America. As Captain America, Rogers joins forces with Bucky Barnes and Peggy Carter to wage war on the evil HYDRA organization, led by
