

Iron Man: Armored Adventures follows the adventures of teenage child prodigy Tony Stark and his alter ego of Iron Man. As Iron Man, he uses his technological inventions to stop villains. His friends, Jim "Rhodey" Rhodes and Pepper Potts help him on his courageous, and dangerous adventures. Check out the images and details released by Marvel's official site below:

"Iron Man: Armored Adventures" enters its second season in style this Wednesday, and since we know you've been missing the animated adventures of Tony Stark we wanted to whet your appetite for the big event with five excellent new screenshots from the season premiere! What does the future hold for young Tony Stark and his best friends Rhodey and Pepper? Have we seen the last of the Mandarin? And is Tony's father truly alive? What do you think of these? Sound off your opinions on the usual spot below! The second season of Iron Man: Armored Adventures
