

Written by Kevin Tancharoen , Aaron Helbing and Todd Helbing, "Mortal Kombat: Legacy" is an anthology of nine live action shorts, and brings to life the motivation behind each character's participation in the Mortal Kombat tournament. Each episode will provide never-before-revealed insights into characters featured in the upcoming videogame as well as the game's universe. We've already seen the original versions of these 2 episodes but now director Kevin Tancharoen and YouTube channel Machinima have released the unrated versions of both episodes. The unrated versions are quite a bit better, I think these are the ones they should be releasing first. The Johnny Cage episode felt a little weak to me, and I cant say I'm a fan of Matt Mullins as Cage, but the unrated version was a bit better. The next episode of Mortal Kombat: Legacy airs on Machinima this Tuesday.
