

I was never a fan of Tintin, but then that's probably because I never read or watched anything featuring him. I don't find the premise particularly appealing though, but the trailer does look like it could be pretty good. The Adventures of Tintin: The Secret of the Unicorn stars Jamie Bell, Simon Pegg, Nick Frost, Toby Jones, Andy Serkis, Mackenzie Crook, Tony Curran, Daniel Mays, Sebastian Roche and Gad Elmaleh and will premier in Brussels on October 22, 2011.
