

In an interview with IGN Movies, the actor has talked more about his role as iconic X-Man Beast in the upcoming prequel from Matthew Vaughn and we have a few of the main highlights below. To read more, including what he thinks about becoming an action figure and much more, click on the link below to head on over to the site. On The Character Of Hank McCoy, aka Beast: I play Dr. Hank McCoy and he later on becomes Beast. He's a young scientist - a very clever guy - but a little bit shy and awkward around the girls and just socially awkward around the group. He's a good guy, but it's hard work. He's a great scientist though and he comes up with all of these inventions that sometimes work and sometimes don't, and then he tries out a serum from Mystique's DNA to try and stop his feet from
