

As I stated in the original POLL article, having met people on this site of all nationalities and age groups, I grew curious as to what ages the people frequenting CBM.com actually were. Evidently many of you were just as curious since almost 1,900 people took part in the survey. Although it may come as no surprise that the majority of users were between the ages of 16 and 30 years old, it was somewhat of a surprise that there are many users of all ages frequenting CBM.com. It was also more than a little surprising that "Older than Gusto" was not the least represented age group on the list. I give you the results... What age group do you fit in? 21 - 25 = 470 Votes (24.19%) 26 - 30 = 393 Votes (20.23%) 16 - 20 = 364 Votes (18.73%) 31 - 35 = 274 Votes (14.10%) 36 - 40 = 181 Votes (9.32%) 41 - 45
