

The Autobots, led by Optimus Prime, are back in action, taking on the evil Decepticons, who are determined to avenge their defeat in 2009's Transformers Revenge of the Fallen. In this new movie, the Autobots and Decepticons become involved in a perilous space race between the U.S. and Russia, and once again human Sam Witwicky has to come to the aid of his robot friends. There's new characters too, including a new villain in the form of Shockwave, a longtime "Transformers" character who rules Cybertron while the Autobots and Decepticons battle it out on Earth. Looks like Bay won't be backing down from the military love affair in this movie either. Some will love that, some will hate it, I don't care one way or the other as long as I'm not rolling my eyes every 10 minutes. But so far I must admit that this threequel looks a hell of a
