This will be a fairly speculative article so don't expect any definitive news updates. Anyway, first up.. Tom Hardy there. Even though he is wearing a cap we can see he is sporting a shaved head as well as some burgeoning facial hair. Coincidence or could he be gearing up to portray Dr Hugo Strange? There are other characters he could be prepping for of course. Next is this... It came from Spanish site Zona Negativa and as near as I can tell(even with the translation it's not very clear. Maybe some of you guys could make a better stab at it) this is a blown up article from some of the old promotional stuff from The Dark Knight, which displayed various news paper clippings defaced by The Joker. Edward Nashton was featured in the supposed leaked script draft from last week. Even though Nashton was one of The Riddler's alias' in the comics,
