

An origin story set in present day San Francisco, where man's own experiments with genetic engineering lead to the development of intelligence in apes and the onset of a war for supremacy. Stars: James Franco, Andy Serkis and Freida Pinto and directed by Rupert Wyatt. LEEE777 - I'm not a great fan of Planet of The Apes but I'll give this a shot, could be a wild ride. Prequel or reboot you decide, released 5 August 2011.
