

Early last month IGN gave us the scoop with Marvel Studios president Kevin Feige as to what to expect for the future of the Marvel Cinematic Universe, specifically as it spins out of the upcoming Avengers movie we're expecting for 2012. Here are the relevant quotes which left us Marvel movie fans feeling very pleased with ourselves, and no doubt left DC and Warner Bros. cringing; "X-Men was the dawn of the new Marvel cinematic age," said Feige. "Iron Man was the dawn of the Marvel Studios age and the establishment of the Marvel Cinematic Universe and the beginning of that continuity. The Avengers is the next big step. Once all these characters come together, it's the culmination of all that has come before. It launches a new era and a new time in the history of our films. Not only will it be the first film that our new home
