

The Long awaited Gotham series debuts on September 22, giving comic book fans a pre-Batman look at Gotham City just after Bruce Wayne's parents have been murdered. Although I hate to make the comparison, in this regard it is taking a similar approach to what the WB with Smallville in a pre-Superman world. We likely won't ever see Bruce Wayne as Batman but the show is promising us early versions of The Riddler, The Penguin, Catwoman...
